

LLANLLYR

SOURCE

WATER & PREMIUM MIXERS

The Perfect Complement

TO MAKE ANY COCKTAIL, MOCKTAIL OR
MEAL AN EXTRAORDINARY OCCASION

The Magic Of
WATER FROM WALES

The Llanllyr (pronounced "Clan-Clear") estate is a pristine and magical place, nestled in the ancient glacial valleys of West Wales in the United Kingdom, where the Gee family has farmed the land sustainably and organically for more than 300 years. Rainfall is abundant and the lush landscape of fertile fields and award-winning gardens embodies the richness of the soil and the purity of the water.

One of the rare places on planet earth
WITH A NATURAL SPRING ON ORGANIC LAND

SAVOR THE EXTRAORDINARY HERITAGE

Patrick Gee founded Llanllyr SOURCE in 1999, having grown up on the estate and researched its abundant history through ancient documents dating back to 1180 A.D. when the land was first settled and the pure water was documented. The purity of the water creates gentle carbonation and tight effervescence, leading SOURCE sparkling water to often be described as the "*Champagne of Waters.*"

The journey to share this treasure with the world has been as spectacular as the water itself, with Llanllyr SOURCE now being served in many of the leading hotels and restaurants around the world and endorsed by world renowned and distinguished Michelin chefs.

Our Commitment TO SUSTAINABILITY

As the Company expands internationally, it still holds firm the fundamentally authentic values shared and engendered by its founder and its owners, which are care and preservation for the environment while delivering a world class product rooted in purity.

At the heart of everything we do is a passionate commitment to sustainability and community. Some examples of these initiatives are:

- Monitoring our carbon footprint
- Using a high percentage of recycled materials
- Sustainably managing our water source
- Maintaining our organically accredited lands
- Maintaining our Green Dragon Level 5 Environmental Certification
- Utilizing Solar power in our manufacturing facilities
- Supporting charities engaged in improving water management and accessibility

AWARD-WINNING EXCELLENCE

SOURCE has won a multitude of awards and accolades over the years, including Best Tasting British Water, Water of the Year and received the *Queens Award for Enterprise*, personally presented to Patrick Gee by Her Majesty the Queen.

Not only is the purity of the product at the heart of the company, so is the approach to the management of the land, the environment and the community. Even with the abundance of water in Wales, this precious resource is carefully managed on a sustainable basis and every care is taken to protect the landscape.

To this end, the UK's Soil Association certifies Llanllyr's organic land each year and the Company actively searches out ways in which it can continue to improve its environmental credentials and stewardship.

WATER OF INCREDIBLE PURITY

Connoisseurs immediately recognize the exceptionally low minerality of the water, which delivers a soft, velvety and tasteless quality, ideal for pairing with fine wines and exceptional food. This is truly the perfect complement to any dining experience

Chef Ferran Adria has been widely recognized as the most innovative chef of modern times, and his restaurant el Bulli was regarded as the finest in the world for several years. It is no surprise that Chef Adria would only utilize the purest and the finest ingredients in his kitchen to create his spectacular dishes. When it came to the selection of water for el Bulli, he selected the purest and the finest that he could find...and that was Llanllyr SOURCE.

The Perfect Complement
TO FINE WINE & FINE DINING

Crafting Our WORLD CLASS MIXERS

In 2014, we embarked on an ambitious journey to expand into the Premium Cocktail Mixer category, knowing that by utilizing our pure SOURCE water as our base ingredient, we could redefine the category.

Inspired by award-winning chefs, we collaborated with top international mixologists to develop a range of premium natural mixer flavors that perfectly complement the softness and low minerality of the water. These qualities allow the carbonation to last longer and the flavor profiles to stand out, resulting in much lower levels of natural sugars and eliminating any need for artificial ingredients or preservatives.

THE SOURCE MIXER RANGE

The resulting range of traditional flavors including Tonic, Bitter Lemon, Sparkling Lemonade, Club Soda, Light Tonic, Ginger Ale, Ginger Beer and the most exceptional Fiery Ginger Beer, was launched in the UK at The London EDITION Punch Room in 2016. Since then, demand for SOURCE water & mixers has expanded significantly and SOURCE mixers can be found in a large number of premium hotels, bars and restaurants across the globe.

SOURCE Fiery Ginger Beer in particular has created a real storm, with bar and mixology staff loving the balance between the blended gingers and the fiery kick that brings out the best in premium craft spirits. Likewise SOURCE Tonic was recently voted the number one premium natural mixer in a taste test conducted by the UK's Independent newspaper.

TONIC WATER

Natural tonic to elevate your spirits

A blend of all-natural quinine from India and Indonesia balanced with Sicilian lemon. Crafted to bring out the botanicals and natural ingredients in fine spirits.

The Source G&T

2 oz craft gin

4 oz SOURCE Tonic Water

Serve in a tumbler

Finish with your favorite garnish

FIERY GINGER BEER

Spice up your mule

Our Fiery Ginger Beer is made with natural gingers and spices to provide a distinct and balanced heat. Create the perfect fiery Moscow, Kentucky, or Mexican Mule cocktail.

The Source Mule

2 oz craft vodka

4 oz SOURCE Fiery Ginger Beer

Dash fresh lime juice

Serve in a copper mug

Finish with your favorite garnish

BITTER LEMON

Crafted with all-natural quinine, orange and lemon

With a light yet complex flavor profile, Bitter Lemon is a favorite for citrus cocktails. The blend of quinine from India and Indonesia with the incorporated Sicilian lemon and Brazilian orange is uniquely tempting.

Tom Collins

2 oz craft gin

4 oz SOURCE Bitter Lemon

Serve in a Tom Collins glass

Garnish with a lemon slice and cherry

GINGER BEER

Ginger beer for connoisseurs

Our Ginger Beer was developed for those who prefer their Mule cocktails with less heat than our Fiery Ginger Beer. Great mixer for Moscow Mules or Munich (Gin), Mexican (Tequila) or Kentucky (Bourbon) Mules.

Source Storm

2 oz dark rum

4 oz SOURCE Ginger Beer

1/2 oz lime juice

Serve in a tumbler

Garnish with a lime

CLUB SODA

Shining simplicity

SOURCE's traditional British Club Soda delivers a long-lasting effervescence for a dazzling soda cocktail experience. Crafted to bring out the essence of fine spirits.

Whiskey Soda

2 oz craft whiskey

4 oz SOURCE Club Soda

Serve in a rocks glass over ice

Garnish with a maraschino cherry

GINGER ALE

The ginger fan's ideal ginger ale

Our Ginger Ale is made with natural gingers and is delicious for drinking on its own or with spirits. The pristine bubbles and ginger blend deliver a bright, refreshing drink with the perfect level of sweetness.

The Source Highball

2 oz craft whiskey

4 oz SOURCE Ginger Ale

Serve in a Tom Collins glass

Garnish with a lemon wedge

LEMONADE

Just the right mix of lemon and natural sugar

SOURCE Lemonade strikes the right balance between its organic Sicilian lemons and sweetness . . . refreshing on its own or with spirits.

Pimm's Cup

2 oz Pimm's #1

4 oz SOURCE Lemonade

Strawberries, cucumber & mint leaves

Serve in a tumbler

Garnish with a mint sprig and orange slice

LIGHT TONIC WATER

Refreshment without the calories

SIURCE Light Tonic Water delivers the same natural excellence as our Tonic Water but with fewer calories. Now you can enjoy your favorite cocktails and spirits without compromising on taste.

Vodka Tonic

2 oz craft vodka

4 oz SOURCE Light Tonic Water

Serve in a tumbler

Finish with your favorite garnish
